- **Role:** Developed Data Structures and GraphQL for the backend as well as class submission for frontend.
- **Tools:** ExpressJS, Apollo Server/Client, React, Semantic UI, JWT, MongoDB

## **EXPERIENCE**

### **Training Manager**

2015 – 2020

#### **GPS Hospitality**

Plymouth, MI

Operated a restaurant in which I made and met goals for service, operations, and financials as well as developed staff and management for other area locations.

*Key Accomplishments:*

- Consistently grew sales and met G&A budgets.
- Awarded several times for leadership skills and performing within the top 10% of the company.

### **Multi-Unit Manager**

2010 – 2015

#### **Trinity Restaurants**

Canton, MI

Operated multiple restaurants in which I completed detailed visits to provide feedback and coaching to help General Manager's perform at their highest level of ability.

*Key Accomplishments:*

- Implemented and provided training for new inventory and purchasing management software across all stores.
- Set up all vendor accounts and services, ordered smallwares and equipment, worked with construction teams on proper layout and setup, installed POS, office and camera systems, and implemented local marketing initiatives for new store openings.

## **EDUCATION**

**Bootcamp Certificate:** Michigan State University, Lansing, MI

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
